

# SOMBRA II SHELTER

**BLACK WOLF**

## SOMBRA II SHELTER

The new Sombra II Shelter provides a vast shade area that is perfect for entertaining outside. The grand size and strength of this shelter allow for confidence and comfort, as the structure includes a durable 150D Polyester PU with 19mm Steel Poles.

The introduction and inclusion of a side panel with a storm flap and multiple bungee points will provide additional resistance in a range of weather conditions. The Sombra II Shelter provides an easy and convenient set-up and pack-down process, while delivering a 3000mm Water-head rating.

Easily packing away into a convenient carry bag, the brand new Sombra II Shelter is reliable, durable and ready for your outdoor adventures or backyard entertaining.
