| Weight (kg) | 17.5 | 18 | 19 | 20 | 21.5 | 23 |
| Voltage - DC - AC | 12 / 24 Volts 240 Volts | | | | | |
| Cooling Capacity | Up to 55°C Below Ambient | | | | | |
| Temperature Range | +10°C ~ 20°C | | | | | |
| Average Power Draw over 24hrs at 32°C - As a Fridge at 4°C - As a Freezer at -16°C | 1.0 to 1.5 A/HR 1.5 to 2.0 A/HR | Power usage dependent on: • Ambient Temperature • Fridge Temperature Setting • Temperature of Fridge Contents • Product Load | | | | 1.3 to 1.7 A/HR 2.0 to 2.5 A/HR |
| Compressor | Secop (Danfoss) BD 35 | | | | | Secop BD50 |
| Configuration | Fridge or Freezer with dairy compartment. Removable Basket. Deep enough for standard wine or 2 litre soft drink bottle to stand upright | | | | | |
| Cabinet and Lid | Polypropylene with Polyurethane Insulation | | | | | |

Reversible Lid

Swap your lid around to whichever way your installation requires.

Strong Heavy Duty Handle

Excellent tie down point and a comfortable way to carry your fridge freezer. In-built magnet to stop rattling.

Roll Bond Evaporator

Efficient cold transference to your products. Faster cool down.

Internal View

Removable basket with divider, dairy section and drain plug in base.

Soft Touch Electronic Control

Tamper proof and easy to use. Accurately set the temperature of your fridge freezer.

USB Socket

To power small USB devices (0.5A).

Bright LED Internal Light

See your products in the dark. LED's have low power draw.

Low Voltage Battery Protection

Three stage battery protection for peace of mind. **Cable securing point.**
